\_\_\_\_\_  
\_\_\_\_\_

<sup>1</sup> Construction laborers perform a variety of construction-related activities during all phases of construction, including loading and unloading tools or raw materials, assembling scaffolding or other pieces of equipment, digging, or filling in pits throughout the construction process, preparing and cleaning up the construction site, and helping with any other needs of craft workers.

<sup>2</sup> Construction Helpers assist construction craft workers, such as electricians and carpenters, with a variety of basic tasks, such as carrying tools and materials, taking apart equipment, cleaning up sites, disposing of waste, and helping with any other needs of craft workers.
